Program Coordinator
Melissa Morrison

Inside Sports is one of the first local non-profit corporations of its kind in our area, to offer Youth and Adult Futsal Leagues. Futsal is indoor, 5 a-side soccer, played on a basketball court. Inside Sports is a non-profit corporation with a nine member Board of Directors, dedicated to advancing athletics and health by providing indoor team sports programs for youth and adults. **Inside Sports** will promote, advance, and sponsor amateur athletics in our local communities by providing year round individual and team sports, instruction, indoor practice facilities and instituting special outreach programs directed toward youth, unique needs groups, and lower income families. There are two static locations to play. 1) In Samoa. 2) In Scotia. Additionally, in support of our commitment to expand our Futsal program into our community, in November 2009, we will begin providing physical education, and after school programs in schools in the Eel River Valley.

PLAY LOCATIONS:

Samoa Gym, 900 Vance Ave, Samoa, CA

Scotia Recreation Center, Mill St., Scotia, CA

CONCEPT:

Inside Sports expects to usher in a new era of open communication, competition and sportsmanship between the community and youth of Humboldt County. The youth of Humboldt County will learn how to “Make a Difference” and adults of our community will lead the way to create healthier living styles.

WHY:

In response to the closure of Mad River Indoor Arena in June 2001, Inside Sports has developed an indoor youth and adult **Futsal** program for year round play. “**Inside Sports**,” whose purpose, is to develop indoor youth and adult athletic programs that bring an outstanding, positive, safe, structured environment for children of all ages in our community.
